7:30 Farm Bookkeeping	John Nevin Sayre Talk
Tuesday.....7:30 Typing Class Meeting	Friday.....Chorus Practice (May Change)
	Oct. 8.....Rev. J. J. Plenart

GOING

Eugene Kopper is planning to leave Sunday for furlough and then proceed to Provo, Utah to serve in the Mental Hospital there. Milton Grundman will leave Saturday for Lincoln, Nebraska Experiment Station to serve as laundryman.

COMING

The Atypical Pneumonia Experiment at Pinchurst, N. Carolina is closing and the men are now on vacation. The men formerly from No. 5 will be returning sometime after the 6th of Oct. Eight men from Camp Magnolia in Arkansas are expected to arrive here any day. They are reported to be on furlough and will be reporting here at the end of their furlough.

CLASSES

The Fall quarter of the Educational Program is officially on!! The main course for the first 6 weeks will be the Red Cross First Aid Class. On Monday we plan to begin a course in Farm Bookkeeping. The typing classes will hold a meeting on Tues. to work out class schedules to suit everyone. In several weeks we plan to organize a public speaking class and a mental hygiene class designed especially for those planning to enter mental hospitals. Other courses will be announced at a later date.

BIBLE

Rev. J. J. Plenart of Philadelphia and formerly of Hutchinson will visit our camp from the 8th to the 15th. During the week he will teach a course in Bible which will most likely be on the 1st ten chapters of the Book of Acts. This is part of a program to better utilize visiting ministers in serving the camps. Rev. Plenart will proceed to Mancos from here to repeat the same course there. Let's plan to participate in this course of study.

PLYWOOD & LUMBER

Today we received 168 sq. ft. of $\frac{1}{4}$ " plywood (Gum and Southern Hardwood) which should finish well. The lumber will be sold at the Canteen at 15¢ per sq.ft. We are expecting more lumber soon--3x3 Cherry and Maple for turning and some 1" Walnut.

CHORUS

The camp chorus will have an organization meeting to elect a president, vice-president, secretary-treasurer, custodian of music, and director. This meeting will be this evening at 8:00. All those interested are urged to attend.

SUNDAY

Rev. Henry Harms from Moado, Kansas will bring the morning message Sunday at 9:00. Henry Friesen will be in charge of the service and a newly organized quartet will sing. Sunday school will be at 10:00

MISC. ---

Perhaps if any of you haven't heard of Jonathan Bochs' trips to Montezuma, you should be notified. It has marvelous results.....Dave Jones arrived home to find a baby girl living at their home.....Enos Mullett has received three weeks absent sick leave and left for Indiana this noon.....Hank Frison just returned from this vacation called absent sick.

FIRST AID

The first meeting of the First Aid Class was attended by 34 men. Approximately 24 plan to take the course regularly. The class is taught by Fred Isler from Colorado Springs. Mr. Isler was born in Switzerland and speaks French. He is a Baptist minister having served churches in Cripple Creek and Fountain. He finds that being a minister and teaching first aid is a good combination although he is not serving a church at present. His good humor and enthusiasm will make the class interesting.

SOFTBALL

Dorm 2-3 won 3rd place in the league by winning from Dorm 6-7 by a score of 3 to 0. The championship game between Dorm 1 and 4-5 turned out to be quite a struggle even after field play had ceased. A freak play (two balls on the field) allowed Dorm 4-5 to score a tying run in the last inning. At the end of the inning the game was called "on account of darkness." Present plans are to play the game over on Sunday afternoon since a number of the players are out during the week.

TENNIS - HORSESHOE

Bulan and Ed Schmidt are playing in the finals of the winner's bracket in the tennis tournament. Bulan earlier defeated Sallaska and Schmidt downed Wedel. The third round of the losers' bracket must be played by Tuesday or forfeited. No one seems to know why, but the favorites in the horseshoe tournament were upset by O-Schmidt & E-Schmidt. It must have been the publicity in last week's bulletin that upset Frost and Bauman.

NEW NAME!

The only name suggested for this BULLETIN was made by Wilbur Dester who suggested we shorten the name by crossing out the letters "etin" from the title. Are there any other suggestions!!

PROJECT

One and Harder hauled in their equipment from the Belleville project claiming that all the fish in their fishpond were happy. Next they plan to build a dike for Vanucci. Farm work continues to claim a large part of the manpower. Misch's crew is the only one organized at present.

LABOR COLLEGE

Quite a number of men are taking advantage of the Colorado Springs Labor College in taking courses in radio, welding, shorthand, and Machine shop. All those who have attended the school are impressed with the equipment available for use in the shop courses. It is not too late to enter these classes.

LOOK HERE

HOW TO KILL AN ORGANIZATION

--from CPS #31, SNOWLINER

1. Don't come to meetings, but if you do, come late.
2. When asked to help, shyly refuse.
3. If you don't attend Meetings, find fault with the work of those who do.
4. Never accept an office. This makes it easier to criticize things.
5. Nevertheless, feel hurt if not appointed on a committee. If you are appointed, refuse to serve.
6. Never express an opinion on important matters. This leaves you free to tell how they should have been handled.
7. Do nothing more than is absolutely necessary, and then howl that the organization is being run by a clique.
