WALSENBURG SIDE CAMP

Six CO's are invading the city of Walsenburg to work on a dam 13 miles from town. The dam will divert water into a lake two miles from the dam. They want to finish the structure before extreme cold weather begins. The men chosen for this project were Goring, Matthies, Hiram Engle, Lee Reimer, Siemens, and Landis as Leader. The men will stay in a hotel and eat in a restaurant. They will be working in the same district as Tom Meiers.

THANKSGIVING

A Thanksgiving dinner is planned for Thursday Evening at 6:30 together with a short program. The wives of the campers and the Dairy Farm unit families are invited to attend. Committees are working on the arrangements. The Program committee consists of Roland Duerksen, Jake Smith, and Elmer Schmidt. The Decorating committee is made up of Memmo E. Schmidt, Grundman, and Teague.

CAMP CHANGES

Transfers continue to come in and go out. This week we are losing Stanley Roupp to Marlboro, Gordon Engle and Oscar Zook to Harrisburg, and Dick Wooten to Ypsilanti. Joe Buller received his official transfer to a Dairy Unit in Pennsylvania and plans to leave next Wednesday or Thursday. Leonard Glen Raney is being transferred here from the Smokejumper Unit in Montana. Hiram Ray, it is reported, will arrive on Sunday from Dennison.

CAR PARKING COMMITTEE

The committee makes the following suggestions for parking the cars in the parking lot:

1. Park perpendicular to hedge.
2. Keep off the feed lot on the South End with the cars.
3. No double parking please.

Mr. Nichols has been unable to get lumber to fix the bridge to the parking lot but is still trying.

DAIRY SUNDAY

Sunday will be the regular Dairy Sunday. Rev. Albert Unruh from Montezuma will be leading our morning worship services as well as teach the Old Testament Bible study class. The Sunday School will begin at 10:00 and the worship services at 11:00.

ODDS & ENDS

There will be no basketball next Thursday because of the Thanksgiving dinner.....No news has been received on the furlough situation for this year. However, Thanksgiving furloughs are nearly up to the limit.....A course in Live-stock Selection is being planned to begin either the last week in November or the first week in December.....Arnold Smith will probably be operated on appendicitis in the next day or two.....We should like to extend our sympathies to the widowers (their wives left town on a short furlough) who act as if they are lost in camp in the evenings--Waldo Wedel, Rahlen Unrau and Paul Buller.....

FARM LABOR

This type of project work has picked up again because of turkey picking. Approximately 30-40 men are on farm labor now. It appeared as if the turkey pickers were the first to volunteer for the Walsenburg project.

TALK ON PARAGUAY

Ernst Harder, a student from Bethel College, stopper here on Wednesday evening on his return from a tour of the Western camps. He comes from Paraguay and has been studying in this country for 5 years. He lived for 4 years in the Chaco Mennonite settlement and 11 years in Germany while awaiting a chance to get to Paraguay. He gave an interesting talk on the history of the people's migration out of Russia to South America.

WEEK-END RELIEF WORKERS:

Kitchen -- Benno Habenicht, Lester Hostetler, Edward Isaacs, Roy Jantz, Sam Jantzen, Harlo Jantzen, Jeff Johnson, Chester King, and Elmo Knocke.

Orderlies--Frank Knocke and Elden Koehn.

Note: A number of changes were necessary because of Thanksgiving furloughs.
