### SUNDAY MORNING

Rev. McDaniels from the Trinity Methodist Church will be with us for the Sunday morning services at 9:00. He has visited the camp before so he is no longer a stranger to us. The attendance was excellent last Sunday. Lets keep it up!

### Sunday School

Election results of the Sunday School gave a tie to Amos Yoder and Dave Suderman for the position of teacher. Rodney Koehn was elected Superintendent. Lets support these officers and make Sunday School a regular part of our morning worship.

### BASKETBALL

The Camp CPS Team remained in the undefeated column by winning from the 315th Bomb Wing through a forfeit. The feature game of the first round will be played when they meet the undefeated Statistical Control Unit at 8:00.

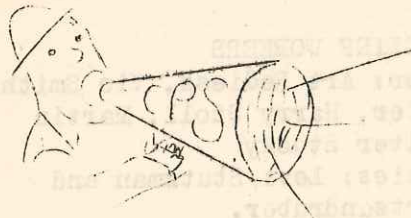

The Templeton Gap team suffered its second defeat by the statistical control unit last night 37-48. The Gapsters trailed the whole game and didn't show enough punch to overcome the lead of the experienced SCU team. Friesen was the only one able to hit the bucket for the Camp team.

### MARCH OF DIMES

The Religious Life Committee agreed to take a special collection some morning at breakfast as a gift to the National Foundation for Infantile Paralysis. The money is used for relief and rehabilitation of victims of this disease and also for carrying on research to end this disease. The collection will probably be taken Monday morn.

### VOCATIONAL SCHOOL

Mr. Erickson of the Vocational School called me in this morning to tell me that a ruling from the Denver Office would not make it possible for CO's to take the training there any longer. The reason for this is that we are not available for employment which, of course, is the reason they operate these schools. You may complete this week of training after which you should return gasoline coupons obtained for going to school.

THIS EVENING

CAMP CHORUS

The camp Chorus will resume rehearsals on Friday and will continue to meet on that night if it is suitable to the members of the Chorus. New members are urged to join now since the chorus will begin on new music etc.

A conducting class will meet after Chorus practice to learn the mysteries of waving a hand or stick to the tune of the music or visa versa. All those interested should plan to take this class.

SPEECH CLASS

All those interested in taking the Public Speaking class should plan to meet on Monday at 7:00 to draw plans for the course. This course will be adapted to CPS needs and will be a practical course. We all have occasion to talk in public and this class will help us to do this with greater ease. Ed Belan will teach this course.

LINCOLN NURSERY UNIT

There were 7 applications for this unit and 2 of them were selected. They were Harvey Unruh and Amos Yoder and their applications for transfers have been submitted. The reason for the small group selected from this camp was that the West Coast camps had a priority on this project.

OTHER SPECIAL PROJECTS

There have been three applications for the Cooking School. It will begin on Feb. 18 running for about 2 months. About 20 men will be taken for the school which is to be under the direction of Mrs. Jake Goering. Applications may still be made.

No word has been received on the Mississippi project. Now is a good time to place applications for Dairy Testing, and Dairy Farm work since an expansion program is being planned. Also Mental Hospitals are to be enlarged in personnel.

WALSENBURG NOTES

The men at the side camp at Walsenburg continue to remain in good spirits. Latest dope is that the project will continue for another three weeks. They don't seem to get things done there?? Ben Kubala and Rueben Schmidt, new men there, are enjoying themselves.

CAR WASHING HOURS

Because of the absence of surplus water pressure, it has become necessary to set hours for car washing. These hours on Monday through Friday are set from 1:30 to 3:00 PM and 6:15 PM and following. In the morning the laundry uses the water and after the dinner Orlic likes to wash the bath house. In the evening the men are taking showers.
