TONSILLECTOMIES

Four men had their tonsils removed by Dr. Hills in the camp infirmary on Thurs. morning. The operating room was set up in the dispensary and the ether flowed freely. The operations proceeded without a hitch except when Albert Classen, partially dazed by the ether, decided "You can't do this to me". He struggled out of the straps and he couldn't be controled until he relaxed again. The straps were fastened a bit tighter and the ether was again applied. The others, Walt Stucky, Ed. Rempel, and Rodney Koehn got along fine.

MARCH OF DIMES

The collection on Tuesday morning for the Infantile Paralysis Foundation amounted to \$6.72. The Religious Life Committee may add to this amount from the church treas.

FILMS

On Wednesday we hope to have some educational moving pictures from the SCS on "Cooperative Marketing" and "Wild Life". We are trying to secure several other films to show the same night -- "Chosing your Vocation" and "Fundamentals of Basketball". The pictures are scheduled to begin at 8:15.

McDaniels.....Ration Board is cutting the camp 10% on sugar as result of the recent rationing emphasis.....Walt Stucky should have no trouble as result of his operation. He received a "Get Well" card three days before the operation.....Jesse Diener returned from the hospital looking a bit pale but otherwise free from Scarlet Fever..... Note: You may still enroll in the speech class. The first assignment is to read a portion of scripture before the class.
