## SUNDAY MORNING

Rev. Charles Diener from Kansas City, Kansas will be with us Sunday to bring the morning message. He will also teach the concluding lesson in the Old Testament Class in the lounge.

## TRANSFERS

Tony Martens has been asked to go to the Artificial Insemination unit at Lansing, Michigan and he plans to leave tonight on furlough prior to transfer. Vic Becker has been transferred here on paper from Norristown. We don't know when he will arrive.

## CAR OWNERS MEET

The car owners met Wednesday afternoon and elected new committees. The committee on Car Parking and Repair consists of Tobias Yoder-Chairman, Lester Hostetler, and Henry Friesen. The Bridge and Construction committee is made up of Rodney Koehn, Ezra Stauffer, Arnold Wall, Clark Porter, and Ethan Miller. The group decided that cars could be parked in camp on Saturday night in certain areas to be designated by the committee. Also no cars are to be on the camp grounds for repair except during a man's liberty period and then no more than three at a time. The committee, will of course, decide which three.

On Wednesday evening at 7:30 a meeting on Conscription as it effects the Mennonites will be held. At this time the problems will be discussed and delegates elected to a Conscription Conference to be held in Newton, Kans. on March 10 & 11. The problems of peacetime conscription will effect each one of us. Don Smucker has stated that it is one of the "most momentous issues confronting American Mennonites in 200 years".

## BASKETBALL

Basketball swings into inter-camp competition this week-end as Camp 5 clashes with Camp 33 of Fort Collins in Denver on Saturday night at the Psychopathic Gymn. A second team from Camp 5 will clash with the Hospital unit in the opening game.

The basketball league at the YMCA has been discontinued due to an order from Washington effecting all Air Force teams. The Air Force forbids of its men or teams to compete in any outside league or tournament that is not sponsored by their base. This also eliminated most of the teams from the WRC tournament.

A series of games between Templeton Gap and CPS are scheduled to settle the unsettled dispute as to which is the better team in camp. Also a number of outside games possibly will be scheduled.

#### DEADLINE FOR LICENSE PLATES March 10

According to Mr. Drain, Supervisor of Highway Patrol, in Colo. Springs Gazette & Telegraph: "Subject to the Governor's proclamation, you are instructed to continue the policy of permitting vehicles with foreign license plates to operate until the end of our registration year. On and after that time all persons living in Colorado, or gainfully employed here, and who operate vehicles on foreign license plates, must buy and display a 1945 Colorado license plate. Also, vehicle operators who come within the provisions of this paragraph must secure a certificate of inspection and have a valid Colorado operators of Chauffeurs license."

#### COUNCIL MEETING

The council approved a final draft of the Job Rotation Plan which will be presented to the campers for final approval. The plan provides for a committee of three including the director to set up frequency of rotation and to handle selection of replacements. The base period for rotation has been set at 6 months with skilled jobs rotated less frequently. The council approved the levy of 10¢ to the fund for purchase of flowers and gifts for those who are <sup>sick or</sup> bereaved. Approval was given for collecting funds for the Red Cross Drive.

#### CAMP FIVE "HINTERLANDS"

Walsenburg is actually thinking about finishing up the project. They poured their last big pour on the 12th and only a few small pours and some rip rapping is left to do. Paul Landis, editor of the Walsenburg Post, writes that Hiram Engle has been conveying something by the name of Margy around. Ordway crew is working along Highway 96 quite a bit of the time. They have been asked to sing in the Choir of the Christian Church. They plan to come in this week end.

#### PING PONG TOURNAMENT

The ping pong tournament is in process in the recreation hall. Those interested in getting into this free-for-all should place their name on a tag and place tag at bottom of the list.

CLASS SCHEDULES NEXT WEEK WILL BE MOVED FORWARD A DAY. MONDAY'S CLASSES WILL MEET ON TUESDAY AND THURSDAY'S CLASSES ON FRIDAY.

#### NSB REPRESENTATIVE HERE

Winslow Osborne of the NSB Advisory Section will be here on March 15 to visit with us and to help anyone wishing advice. His work has been mainly with those CO's who are in prison or in the army.

#### Odds and Ends:

Ed Isaac came through with the announcement of his coming marriage.....Reliable?? ??-rumors say Alvin Buller may be next in line. Who is next please?.....A  $\frac{3}{4}$  horse power motor has been ordered for the shop bench saw. Does anyone know where we can get a drill press or a jointer?
