SUNDAY MORNING

Rev. H. Lawrence Linton of the Friends Church will be our minister for Sunday Morning. This will be a 9:00 Service. The offering will be taken for the NSB Dependency Council to help the dependents of non-peace church members. Sunday School will follow at 10:00.

Morning MEDITATIONS

The Religious Life Committee has planned to have early morning meditations leading up to Easter. You are invited to come to the chapel for early morning Bible reading, meditation and prayer. It will be informal and you may plan your period as you desire. The chapel will be warm and the nightwatch will wake you at 6:15. His signal will be a white cloth (towel or pillow slip) hung over the end of the bed which sets next to the aisle. This will be an excellent period to gain strength and to again study and rethink the suffering which Christ experienced in leading up to his resurrection on Easter Day.

LIBRARY NOTES

Roy L. Smith, editor of the CHRISTIAN ADVOCATE, has donated his book "IT ALL HAPPENED ONCE BEFORE" to the library. It's in the New Book Section. Dr. Smith compares the history of the Prophets to events now going on.

COUNCIL MEETS

The camp council met on Wednesday. They discussed methods of placing men on side camps and recommended that each man take his turn of three weeks in a side camp. This is to be discussed by the camp as a whole. The council suggested that a 10-minute bell be rung at breakfast to assist those who have difficulty getting to breakfast on time. They appointed a committee to study means of improving our dorm housekeeping situation and also a nominating committee for the coming camp elections.

FOR WOMEN ONLY (Men please turn the page)

The ladies are meeting in the Mexican room of the YWCA at 8:00 this evening to discuss a women's fellowship group. Miss Fast will exhibit her Chinese Articles in the Mexican Room in the United States. (sounds quite international).

TRANSFERS

We have the official transfer of Raymond Zercher from the Howard, R. I., mental hospital. He has been there two years and is transferring to Colo. Springs --"Rehabilitation and Convalescent Center"-- because of sinus difficulties. We are expecting Victor Becker to arrive here any time.

BASKETBALL

CPS TEAM EVENS SERIES

Last night the CPS team rolled over the Templeton Gap Team to stay in the three game series to a score of 36 to 29. The Gap Team could not penetrate the CPS defense to score while the CPS Team used fast break to good advantage. The scoring was pretty well distributed among the four Schmidts playing. The third game has not been scheduled.

On Monday night a camp team won from the YMCA team 64-42. The starting five consisted of Paul Quiring, Menno E. and Menno A. Schmidt, Elmer Neufeld, and Waldo Wedel. Elmer and Menno E. were high in the scoring with 12 points each.

Ordway Flashes --- ... --- .. ---

They are still surveying during the day and leatherwork at night. (We hope this report is reliable). The Walsenburg Crew evidently did their surveying at night. The Ordway Crew is working north-west of Crowley, Colorado.

SPECIAL PROJECT NOTES

Men are being drafted into camp at the rate of 100 per month and that means that about that many men are being sent into special projects to keep the base camp strength at 2200. At this rate each camp would have to furnish from 7 to 10 men for special projects per month. The present opportunities in special project lie in Mental Hospital Service, Dairy Testing, and Dairy Farms. Sometimes we fail to consider the service angle to special projects which is our primary concern and allow personal conveniences to shape our decisions. Let us prayerfully consider these special projects in finding opportunities for greater service.

ODDS AND ENDS

He put on 36 pounds since July.180 persons were served last Sunday. 140 attended church service to hear a former camper, LeRoy Wedel, bring the message.
