SUNDAY SERVICES

Rev. Edwin Stucky of Goessel, Kansas will be the minister to serve us in the 11:00 Worship Services. Rev. Stucky was a former camper of CPS #5 and is well known here. At present he is teaching in the Goessel High School and also serving the Goessel Church. The Oratorio "The Creation" will be presented at the Grace Episcopal Church at 4:30 Sunday afternoon. It is planned to send the pickup in with some men if enough are interested.

EASTER SUNRISE SERVICES

The 25th Annual Easter Sunrise Service will be held at 6:30 on April 1st. Rev. Nervig will speak on this occasion which will be broadcast coast to coast of the CBS Network. The Chamber of Commerce has printed cards announcing this service at the Garden of the Gods and these may be obtained free of charge in the office or at the Chamber of Commerce. The Religious Life Committee has not announced its plans for the camp but it is expected that they will plan to make it possible for campers to attend this service.

LENTEN EARLY MORNING MEDITATIONS

The early morning prayer service leading up to Easter will definitely begin on Monday. Those wishing to be awakened at 6:15 should hang a light colored towel over the end of their bed at the aisle and Ralph has consented to rouse them at that time. This period can be a source of inspiration for our daily living especially in this season of Lent.

BUENOS DIAS, SENOR

A Spanish Class has been organized to meet twice a week on Mondays and Wednesdays. The class will be in charge of Menno A. Schmidt and have the technical assistance of Jose Fernandez. After the class gets started, the students will sit at a Spanish Table for the evening meal and Espanola will be served together with the food. The small textbook ordered last year will be used. Anyone desiring to sell theirs should see Ed. Director.

WELDING SPARKS

The welding class has been temporarily delayed while we get one welder repaired. Classes will begin as soon as it is returned. Enrollment blanks were passed out today and should be completed and returned to the office so that schedules can be drawn up.

WHO SAYS JOB ROTATION WON'T WORK!!!

The MCC must have taken a few hints from the Colorado Springs camp in its discussion of Job Rotation. They have sent Harry Martens to Puerto Rico, Erwin Goering - Regional Director of Eastern Section, Dave Suderman - Regional Director of Rocky Mountain Area, Paul Schmidt replaces Dave, and Wesley Frieb, a Hillsboro product now at the Mulberry Florida Privy Factory, becomes educational director at No. 5.

ODDS AND ENDS

There will be no first aid class until next Friday due to the fact that Leonard Boehs had to do a little furloughing..... The First Divine Association Church from Yoakum, Texas recently sent a gift of \$27.50 to the camp. The Denver FOR contributed

(ODDS AND ENDS contd.)

\$4.00 to the camper aid fund.....If we were making awards for the fellow who consistently makes his bed in perfect fashion--Zeka Stauffer would no doubt take the prize.....Dave Plans to leave on Monday to tour the Lincoln projects and will return the following week to move their goods to Newton.....All those interested in Correspondence Courses with the International Correspondence Schools or any other type of study should see the Ed. Dir. for information and assistance.....On Wednesday night William Harrison Furlong will lecture on Mexico together with color films at the Fine Arts Center at 8:00. No admission charge.....

Plans are underway to haul clay on the tennis courts. Mr. Nichols is donating the clay from his ranch.

There will be two basketball games this evening. The "B" team of the camp will play the YMCA and the "A" team will tangle with the IXL Creamery.

NEWS FROM THE ARTIFICIAL INSEMINATION PROJECT

Tony Martens writes concerning his work, "My boss here is a college teacher and he's very good. I'm working with two other CPS men and two civilians...There are lots of dairy testers in this neighborhood--also a unit of 20 CPS men right here at the college...My job is taking care of 20 pure bred dairy bulls. They are supposed to be the best in the State. Some of them weigh over 2300 lbs.

CONSCRIPTION CONFERENCE

The conference at North Newton was very interesting and a report will be made on Thursday night by the delegates. The conference made one appreciate the difficulty the MCC has in representing a group with widely different points of view. The extreme liberal and the extreme conservative groups are agreed that no alternative service program should be presented while in between these two extremes are shades of opinion as to the type of alternative service to be presented.

INCOME TAX

If you have any difficulty with your income tax, be sure to consult office force. In several cases campers were paying income tax on money paid to the government on emergency farm labor.
