Minister here
Possibility of quartet
from Fairview here.

PASSION WEEK SERVICES

Rev. Erwin Harms from Montezuma will bring a series of messages to us during Passion Week beginning Sunday Morning at the 11:00 Services. He will also conduct meetings on Sunday, Monday, and Wednesday nights. The services on Good Friday will be announced in the next week's BULLETIN. You are also invited to the early morning meditation period in the Chapel. Those who are attending find it a real source of inspiration during this Passion Week.

GRASS FIRE

Last Saturday at supper time 16 men went out on a fire several miles north of Colorado Springs near the Pike View Coal Mine. Most of the work consisted of mopping up operations. The week before on Saturday, 12 men went on a grass fire near the Bird farm.

RESULTS OF CAMP ELECTIONS

Elmer Neufeld, Chairman
Milton Reimer

Leonard Boehs

Ushers:

Irvin Pauls, Head Usher
Marvin Voth & Mel. Siemens

Job Rotation Committee:

Ed Martens & Ted Troyer

STORK ARRIVES

The Vernie Smith's are the parents of an 8 lb. baby girl since Tuesday. Vernie left on Tuesday night on furlough prior to transferring to Mt. Pleasant Hospital.

TRANSFERS

Word has arrived that Eugene Merriman is transferring back to Colorado Springs. Fl-3-4's have been submitted for Henry Friesen's transfer to the Mt. Pleasant Hospital. Sam Jantzen's authorization for transfer to Marlboro has arrived.

COUNCIL MEETING

The Camp Council appointed a recreation committee consisting of Roland Duerksen--Chairman, Ralph Koehn, Dave Beals, Dutch Grundman, and Dave Jones.

LIBRARY BOOKS

Two new books have arrived both of which are considered best sellers. A TREE GROWS IN BROOKLYN by Betty Smith and THE GREEN YEARS by A. J. Cronin will be well worth your time to read. Another much read book, SEARS, ROEBUCK & CO. has also been placed in the library.

BASKETBALL --- CPS VS TEMP. GAP

The last in the series of games between the two camp teams was played on Tuesday evening and the CPS team put on a last minutes spurt to win 41-35. The Gap team led at the third quarter 26-27.

Last Friday the B team of the camp lost to the YMCA team 34-36 in a very close game. The A team was to play the IXL creamery but they did not appear.

NEW EDUCATIONAL DIRECTOR

Wes Prieb will be arriving sometime after the first depending upon the receipt of his transfer papers.

BEEF, OR HAMBURGER ON THE HOOF

A 1,300 lb. cow was butchered on Wednesday which will help out the meat situation considerably. The cow was killed at the Sales Pavilion in Roswell and then 5 men and Paul Buller grunted and groaned as they loaded the carcass on the pick-up.

PROCEDURE IN APPLYING FOR FURLOUGH

Just a review as to the method for applying for furlough:

1. Sign up for the approximate days which you intend to take up to two months ahead of time.
2. Five days before your first day of furlough, have office clerk fill out the application blank with definite days, time of leaving, etc.
3. A meeting of those interested in taking Harvest Furloughs is planned for April 2.

CUPID REPORT NO. 2

For several issues the BULLETIN has listed the names of the men who are planning to marry according to our secret operators. However, that list is becoming so burdensome that we have decided that it would be better to list the names of those who probably don't intend to marry in the next 6 months:

Ann Elizabeth Suderman	Pete Epp
Richard Gaertner	Walt Krehbiel
Orlie Nightingale	Sam Yoder

ODDS AND ENDS

Ben Bergen's absent sick leave has been extended to April 1.....A new man on the Dairy Unit is Murlin Sweitzer from Fort Collins.....Ray Schlichting, MCC Auditor and former Business Manager here, will arrive on Monday to check up on our Business Manager.....

SUNDAY RELIEF WORKERS

A recent survey of the other CPS camps on methods of handling Sunday Kitchen work revealed that most of them were using the method of rotating men from the project into the kitchen regularly to relieve the kitchen waiters. We are interested in trying a new system of using Saturday Turnback men for kitchen work on Sunday. The men will get off on Saturday and work on Sunday. The success of this system will depend upon the willingness of the men on turnback to do the work on Sunday. If this experiment doesn't work out, we will go back to the old system.
