In the past years a committee has usually been appointed to determine the priority of the individuals desiring to go. Those wishing furloughs between June 15 and July 15 who cannot be there, should get an excuse or their chances for furlough will be nil.

The news that we were to send 20 men to Belton, Mont. on May 8 was received with a variety of feelings. Approximately 7 men have volunteered thus far and the office is accepting additional volunteers. This is an opportunity and a challenge for service in a new environment. Pictures of the Belton Camp will be shown this evening at 7:00.

The Dormitory Volleyball league will begin on Monday following supper. Each team will consist of 7 men and the winner must win 2 out of 3 games. There is no dope available on the relative strength of the teams so the league remains wide open.

ED BELAN writes from SPRING GROVE STATE HOSPITAL

He is very enthusiastic about the new hospital and writes: "It's almost difficult to believe it but everyone of the 18 men of us is thoroughly happy about the change we have made, and would not, "on a bet" go back to base camp. Here is a place where work needs to be done, so if any man in CPS has become soured on the insignificance and unimportance of his particular "Work of National Importance" would you please challenge him for us to get himself to some hospital unit to tackle a really important job. Would you extend best wishes to all the other "pots" and especially those in Dorm #1.
