8:00 Prayer Meeting

Thursday June 21

6:00 Welding

Friday, June 22

Recreation
8:00 Possible film
program.

"A soft answer turneth away wrath: but grievous words stir up anger." --Proverbs.

PROF. F. B. KLASSEN

From Tabor College comes Prof. F. B. Klassen to speak to us Sunday morning in the camp chapel. He is a teacher of Mathematics and Science. His interest in the study of the Bible and Christian Service will be a challenge to us. Come and enjoy the thoughts, not of a preacher, but of a teacher. Prof. Klassen's home is in Hillsboro where he attends the Mennonite Brethren Church. Your participation will be appreciated.

SUNDAY SCHOOL

Participation in Sunday School has not been too active recently. A good discussion depends on the participants. LEADERS OF "THE WAY" is the lesson title for this Sunday. The fifth chapter of Acts will provide a background for the lesson.

INTRODUCING PROF. WALTER E. YODER

Walter Yoder, Professor of Music at Goshen College, Goshen, Indiana, will be with us June 25-26. During the past several years he has visited in many Mennonite communities throughout the eastern and central states with the Goshen college Men's and Women's Choruses. He has also served as director of music for Young Peoples institutes and has been director of several rural singing schools.. He likes to sing and has a feeling for music in worship.

In addition to possessing information about music he is able to tell you about growing corn in Illinois, or about Guernsey dairy cattle. Mark on your calendar this opportunity to meet Prof. Yoder. Included in his itinerary are Fort Collins and Buckingham.

CARS

Is there anyone that doesn't know that cars should not be parked along buildings (including the lanudzy)? Is there anyone that doesn't know that there is only one place on the camp for car repairs--the area near the carpenter shop? The area in back of the bathhouse is not for this purpose. The car committee should be consulted before any repairs are begun. The committee consists of Tobias Yoder, Henry Friesen, and Les Hostetler.

DEMOBILIZATION

The REPORTER mentions an demobilization that "three points will be given for each wife." Thus far no one has claimed more than one at this camp!

ASSISTANT BUSINESS MANAGER LEAVES

Waldo Wedel leaves this evening for Tiffin, Ohio. He has 22 days furlough enroute. The director failed to call on him for a speech. However, in his farewell statment he mentions that he has learned that Ed Schmidt's bark is worse than his bite.

WHERE IS THE FIRE?

It seems that life in CPS is so rushing that we must leave the table to gain a minute or two in our busy lives. Lets reevaluate whether the few minutes gained are really worth it. In any society it is considered i;l manners to come late or to leave early at meals. Perhaps the slogan "Is this trip really necessary" should read "Is this trip really necessary now".

CRAFTS

The exhibit of CPS Crafts held the admiration of many who saw the exhibit in Newton Kansas, at the recent General Conference. This field of activity continues to be one of the most popular in CPS. To promote further interest in the different fields of crafts we were happy to send Walt Stucky to the Newton exhibit. We are also planning to send Walt to Denison for a few days where he and other craftsmen will exchange ideas and plans. Work with crafts has held the interest of many in this camp but we hope that it will increase. It is hoped that we will be able to go into plastic work more extensively. With the purchasing of some walnut lumber the woodworking department should also see more activity. Some 500 ft. of unfinished 2" walnut has been ordered. Also \$20.00 worth of plastic sheets have been purchased and should be here soon. Materials on hand are: calf leather, goat leather, and shark leather. There is also some black lacing available now. If you desire any material that is not in hand see Walt.

SOFTBALL GAME

Up to date it is impossible to announce the softball game scheduled with Fort. Collins. However, by this evening we should be able to give a definite answer.

PATCHES

A serious patch on one of his fingers resulted in a sick leave for Homer Krehbiel. Working with a tractor and disk his finger was nearly cut off..... Marie Groening, our dietician, is on a short vacation in Hillsboro, Could it be that her absende caused so many to become sick with stomach trouble?.....Joe Hershberger announces that he is now father three times. June 12, marked the arrival of 9 $\frac{1}{2}$ lb. Jeremiah. To Joe we extend our congratulations.....Dale Harder returns from his furlough as happy and single as ever.....Jake Plett went home to bring his family to Colorado Springs.....Lindel White asks Safety Supervisor whether, if bitten by a snake, one should kill the snake before or after rendering first aid.....Several men are offering their services to nail the doors shut after this camp closes.

SUNDAY RELIEF WORKERS JUNE 17

Kitchen: Morning and Noon
Jefferson Johnson
Dale Harder
Harold Kreider
Alton Lange
Orderlie: Jake Plett

Noon and Evening
Ethan Miller
Joseph Miller
Noah Miller
Gerhard Nickel
