be here to tell us
about our Brethren
in South America.

REV. J. M. REGIER

It is expected that Rev. Regier will arrive Saturday afternoon. He and his wife will make their home in apartment C for several weeks. We sincerely hope that they will feel at home with us. Next Sunday morning we expect to hear Rev. Regier for the first time. Let's all be out to give him a hearty welcome. Later in the week an informal get-together will be sponsored where further acquaintance will be made.

PICTURES OF PARAGUAY

May you be reminded again of the unique program to be held in our camp chapel July 7, 8:00 P.M. With the assistance of a 16mm colored moving picture Dr. and Mrs. Klassen will tell us about the Mennonites in Paraguay. Dr. Klassen has a good "Low Dutch" humour and an interesting way of presenting his subject matter. You will not regret the time spent in attending this program.

LETTER FROM ELMER

"I have been here now almost two weeks and am getting along fine. Also have a fine fellow to work for. This is hardly what you would call a dairy farm--only two cows to milk. My work consists mostly of driving trucks and operating a D-2 cat with which he does his field work. We have had an awful lot of rain the past week. The country here is a lot more beautiful than Colo. Also more mountains with trees and grass growing everywhere. We live in a little 3 room house just east of Hancock that overlooks the little village. Our location is 20 miles east of Keene, N. H. Give my "hello" to the gang."

PICNIC

Tuesday, July 3, there will be a picnic at Lazy Meadow near camp. This has been planned as a welcome for the Regiers. The picnic will begin at 6:00 P.M. so it will be necessary to begin walking about 5:30. Visitors are invited providing you notify us not later than Monday evening. Those having an urgent need to eat in camp can do so by making reservations before Monday nite.

PHOTOGRAPHY

An excellent way to utilize your spare time during the summer is to learn the hobby of photography. Plans are to reorganize the dark room. Materials and necessary equipment will be available. Learn a good hobby and take advantage of some of the beautiful scenes in Colo.

SHOP NEWS

We have recieved 12 sheets of plastic 10" x 20" in green, red, yellow, and clear colors. Some excellent knife handles, letter holders, and letter openers have been made from this material. Numerous articles can be made without difficulty. Purchases can be made thru the educational office until our shop man returns.

Another interesting phase of crafts, now available, is making moulds and making objects with posmoulage, a plastic, which is poured into the mould. This is a new interest in camp and needs to be explored further. The necessary materials are available.

PATCHES

Our men at Salida, Orlando Warkentin and Marvin Voth, have been up in the hills for the past week. They have built three dams and one diversion ditch....The single men feel rather inflated since they trounced the married men in another softball game. ...The married men, however, don't feel had because married life beats any ball game.. ..Ben Bergen finally gained the exit when he was granted a four weeks absent sick leave following the Medical Advisory Board Examination....Mrs. Lester Hagen has been hospitalized in the Memorial Hospital due to illness....Selma Bartel will arrive about the middle of July as camp nurse..

NOTICE

The pickup truck will provide transportation for those wives and friends who have no available transportation and would like to attend our morning worship service. The truck will not go if there are less than five six passengers. The Y.W.C.A. will be the meeting place where the truck should leave not later than 9:40. Notify us not later than Saturday nite if you want to take advantage of this plan.
