THE LISLE FELLOWSHIP

As in former years the Lisle Fellowship is again sending a deputation of six people to our camp for the week end. This organization of fellowship is serving in various way in many communities. It is training post-war leadership. It builds for understanding and goodwill. This fellowship is ardently supported by many pastors, government officials, students, advisory members, and community leaders. The Lisle Fellowship is an interdenominational and inter-faith group, and the deputation teams serve churches of any demomination.

Here are some of the ways this organization is serving in churches and communities. -----

To assist in Daily Vacation Schools, Child care, and other ways of reducing juvenile delinquency through child education.

To work at Community-church and inter-church relations.

To aid in interpreting and working out together racial tensions, with Spanish, Japanese and Negro-Americans particularly.

To do whatever manual labor is needed.

To develop community-mindedness in cooperation with the OCD and local agencies.

To share in programs of occupational and recreational therapy for convalescing service men.

SOCIAL HOUR

A hour for games and good entertainment is planned for this evening at 8:00 P.M. The group from the Lisle Fellowship will be in charge of the program. It will probably be an outdoor affair.

Saturday nite the group will again be in charge of a discussion. Mirion Zusman, who was born in Warsaw, Poland, should be able to tell some interesting things of the poverty and stricken conditions in Europe. This discussion will also begin at 8:00 P.M.

Sunday we expect this group to help us in our morning services.

WELDING

An electric welder has been made available for our use. As soon as the necessary wiring is completed and the tool room revised for this purpose you will be able to use this welder. We owe thanks to Ben Martens for lending the welder to us.

The oxygen and acetylene welding class will also be organized again next week. Those interested should report to the govt. garage Monday nite.

PATCHES

Eugene Sallaska wishes to express his appreciation for the flowers which were given to him by the camp while he was in the hospital. We are happy to see Eugene feeling much better;....Francis Sallaska is probably feeling very well too since he has become the father of a little baby daughter....The swarm of bees have moved from the infirmary to the South end of the director's apartment. There ought to be plenty of honey when bees and a newly wedded couple get together.....Lindel White is on furlough in Kansas enroute to Ypsilanti State Hospital where he will continue in CPS service.....Not so fortunate was Ed Rempel who has been refused a transfer to Beltsville....Paul Schmidt writes that he is enjoying his honeymoon in 102 temperature.
