TWO WEEK-ENDS IN OCTOBER

Beginning in October two week-ends per month will be available. They will not, however, be accumulative as they have been in the past. If they are not used they will simply be lost. Liberties will remain unchanged.

Several base camps are restricting liberties several nights per week. We do not feel that such a restriction is necessary here with our excellent public relations. We do, however, feel that during the winter two nights per week could be spent in camp whenever there are camp activities. We realize that such a request places a responsibility upon us in providing something that is worthwhile in camp. It also means that each of us should weigh carefully our responsibilities in camp or town.

CLASSES

Beginning Oct. 8, a class in simple music theory and conducting will be taught for those interested in not only learning but actually doing conducting work. This class will be taught by Mrs. Wesley Prieb. Furthermore, if anyone is interested in taking private piano lessons we will be happy to make arrangements without charge.

From Oct. 17 to 23, Rev. W. F. Unruh of Moundridge, Kansas, will conduct a study in the book of Ephesians.

The class in The Monnonite Pillars of Faith is meeting every Wednesday night. Some interesting discussions have been conducted.

Rev. Berneking will conduct a series of six discussions on the Teachings of Jesus beginning Oct. 25.

The male chorus invites you to sing and will provide a bucket if you need it to carry a tune. Several programs are on the waiting list. We are waiting for you.
