Life is no bried candle to me. It is a sort of splendid torch which I have got hold of for the moment, and I want to make it burn as brightly as possible before handing it on to future generations. —George Bernard Shaw.

# Bible

# Week

During this month from October 17 to 23, Rev. W. F. Unruh will conduct a study in the Book of Ephesians. It is suggested that all of us read this book in preparation for this Bible Study. Perhaps the morning devotions could also be devoted to reading from Ephesians.

## NOTE DEVOTIONAL SCHEDULE

The Religious Life Committee announces that a change has been made in the method of notifying men for their turn in presenting the morning devotions. From now on the names will be taken from an alphabetical list of all men. Please follow the bulletin to know when it is your turn.

## MUSIC CLASS

Because of the skating party on Monday night, the first session of the Music Class will meet Tuesday night at 7:00 P.M. An introduction to the work will be made by Mrs. Prieb who is teaching the class.

Following the music class the men's chorus will practise in preparation for a program at the Mennonite Church in Manitou.

### NO MORE

The MCC has received a memo from Selective Service that additional Dairy Testers will not be approved. It now appears that our Dairy Testing group has reached its peak and that from now on it will be a matter of transferring out but not replacing men.

### TRANSFERS

The transfer of Melvin Jantz to a diary unit has been approved. He is now on furlough before taking over his new work.  
Henry P. Marten's transfer from North Fork to Colorado Springs has been approved.

### SIDE CAMP

The Trinidad Side Camp is located at Bellview Hotel, Trinidad. Ed Karber and Hyrum Ray are there at present.

### DEMOBILIZATION GESTURES

Jake Smith received the demobilization physical examination on Monday and the results were airmailed to Washington on Tuesday. It remains to be seen how soon the discharge will be received.

### PROJECT WORK

In a letter written by Selby Young the following statement was made: "It is estimated that 180 men could be utilized in Camp CPS #5--the maximum number of assignees being limited entirely by housing facilities. In fact, we may consider the work of CPS Camp #5 and its relation to the program of cooperation with soil conservation districts, according to an analysis of the work load of the six now cooperating districts, as "open-end" projects without end."

### NOTE, DORMS 2 AND 3

Walter Stucky will exchange all blankets in dorms 2 and 3 for clean blankets on Tuesday. Please have all your blankets ready to be checked in on that day.

### WALNUT LUMBER

Some excellent walnut lumber has been made available to craftsmen. This lumber will be sold by Walter Stucky.

### SUNDAY RELIEF WORK CHANGE

The kitchen force has suggested that the Sunday Relief workers be split into two shifts, one working for breakfast and dinner, and the other working for dinner and supper. The morning and evening meal requires less work and can be taken care of by less men.

### SUNDAY RELIEF WORKERS

Morning and noon: LeRoy Shetter, Eugene J. Smith, and Frank Smith  
Noon and evening: Jake Smith, John Smith, and Victor Smith  
Orderly: Vernon Snyder
