RELIEF SUNDAY

Sunday, October 28, will be Relief Sunday in CPS No. 5. We are all conscious of the tremendous needs that exist over the world byway of physical and spiritual relief. Perhaps it is time that we remind ourselves again of our responsibility in sharing the abundance of things we possess with others.

Wilbur Nachtigall will be the speaker for the Worship Service. The offering will be designated for Denmark. A special effort should be made to raise our goal of \$2000. We are now lacking \$51.18 of attaining that goal. Each contribution will help.

SOCIAL SPONSORED BY WIVES

Tonight at 8:00 P.M. the wives of campers and dairy farmers will sponsor a social for the benefit of the men. Don't miss the harmony, drama, poetry, fun, and the greatest of all—food.

TEACHINGS OF JESUS

A new class on the Teachings of Jesus will begin this Thursday. Rev. Berneking of the First Christian Church will teach the class. According to Rev. Berneking, he intends to place emphasis on the practical aspects of Jesus' life and stress their application in our own life today. The class will be covered in six sessions. These classes should be interesting and very worthwhile. None of us are so good that we can't attain a better Christian life.

CHORUS PROGRAM

The camp chorus is preparing for a program in the Manitou Old Mennonite Church for Sunday, November 4. The camp quartet will accompany the chorus. The program of sacred music will be the first to be given by the chorus. Several more programs are scheduled. It is hoped that the chorus will continue to grow into a full sized male chorus.

Tired leg and arm muscles were the result of the pre-season basketball practise last Wednesday night when about sixteen campers and dairy farmers lubricated their rusty joints in sweating and exhausting play. In all probability Wednesday night will become the regular night for Basketball since the Junior High gym is available for that night. Prospects are good for a smooth team again this year. The camp pickup will provide transportation to the gym. The gym opens at 7:00 P.M.

DO YOU PLAN TO FINISH HIGH SCHOOL?

The American Council on Education has recommended a series of tests which are designed to determine the general educational development of a person. The Council is aware of the fact that Conscription and the War have interrupted the formal education of many men and women, especially of those who were drafted. Nevertheless, the general education of these people has continued as they have read and developed while in service. A series of tests on the high school level is now available to men in CPS. There are five tests: specifically in the fields of (1) Self-expression; (2) the Social Studies; (3) the Natural Sciences; (4) Literary Materials; and (5) Mathematics. If a person is able to make a satisfactory score on all five of these tests, he can be admitted into college, even if he has never completed his high school work. In other words, it is now possible for a person to graduate from high school by means of passing these tests, which will score his general educational development. If you have more questions about these tests, or if you are interested in taking them, please speak to Wilbur Nachtigall before Monday evening, October 29th.

TRANSFERS IN PROSPECT

Coming back from Tiffin, Ohio, are Alvin Buller and Waldo Wedel. From Laurel, Maryland, a transfer has been approved fro Richard Weed. Transfers approved for Smoke Jumpers are Curtis J. Koehn, Harold Graber, Ray Funk, John Graber, Dalner Kaufman, Ralph Miller, Willard D. Schmidt, Donald Unruh, and Freddie J. Miller. The transfers of Walter Buller and Ivan Holdeman are not approved as yet. Harry Fast from American Fork, Utah, has been approved. The only transfer out is Waldo Voth, who is leaving for Three Rivers to assume the position of Director in that camp.

PERSONAL PURCHASING

It has again become necessary to limit our buying of camper personal needs to our Monday, Wednesday, and Friday trips to town. Please check and order your needed supplies a few days in advance so we can accomodate you on above days. This is especially true of automobile parts. Your cooperation will be greatly appreciated.

PATCHES

Jeff Johnson is to be married to Edna Giesbrecht Sunday, October 28. He is checking out to Montezuma for a week. . . Harry Froese is also allowing someone to make plans for a wedding in November at Cheraw, Colo. . . . The shutter on Levi Stutzman's borrowed camera didn't work like the one he used to have. The shutter didn't flip back so he pushed it back. The result was double exposure, a film wasted, and a disgusted Levi.

SUNDAY RELIEF WORKERS

Kitchen: Morn and Noon--Ezra Stauffer, Martin Stucky, Melbourne Stucky
Noon and Evening--Orlando Warkentin, Marion Wichert, Allen Wiens
Orderly: John Yoder.
