In deducting wages for time lost during the month the employer will deduct 1/30 of the monthly wage for each day, regardless of the number of days in the calendar month.

In a transfer month when the assignee works only a fraction of the month--wages will be computed at 1/30 of the monthly wage for each day assignee is on the farm.

Deductions may be made for the following:

1. Each day of furlough up to 15 days per assignee's fiscal year.
2. Each day of unauthorized absence from work.
3. Three or more consecutive days of illness or absence due to injury. (Do not deduct for two or less days per month)
